

date at the bottom if you like.

9. The second `section` element should have an `id` attribute with the value `past-events`.

10. Inside the `#past-events` section, you should have:

- An `h2` element with the text `Past Events`.
- Two `article` elements. Each article element should represent a past event, and it should have:
 - An `h3` element for the event title,
 - A `p` element for the event description. You can add a date at the bottom if you like.
 - An image element with the `src` attribute pointing to an image file and the `alt` attribute with a description of the image.

Note: You can use any text for the event descriptions and dates. You can use the following image URLs for the images if you like:

- `https://cdn.freecodecamp.org/curriculum/labs/past-event1.jpg`.
- `https://cdn.freecodecamp.org/curriculum/labs/past-event2.jpg`.

Tests:
